

INSTRUCTIONS FOR AUTHORS

A. Author, e-mail, B. Author, e-mail, address and C. Author, e-mail, address

INTRODUCTION

All manuscripts should be written in good English. It is very important that your final paper should have the right number of pages: two for contributed and six pages for invited papers, including figures and tables. This example file help you to prepare contribution in a form of camera ready.

Send your manuscript by e-mail as file with name "AUTHOR.tex" (AUTHOR = your name) written in LaTeX2e together with all figures in EPS format.

SECTION

The section titles are written in bold capitals. The equations are written and numbered as following example.

$$s = at^2/2. \tag{1}$$

Due to two columns style please use the figure and table width up to 8 cm preferentially.

use TeX command [1]. Each your contribution should be the presentation of news in physics and in your field during last time. All interesting people could contact you by e-mail.

CONCLUSIONS

The manuscripts have to be send up to 30. 08. 2011 by e-mail to address: reiffers@saske.sk

ACKNOWLEDGMENT: This example will be prepared to download under file name "exampkcsf.zip" in address "http://sfs.sav.sk".
